SEXUAL DEBIL and its Baneful Effects CURED Quickly and Permanently

As far as breeding goes, the card is well

Compared with the correct lines, the equipoise and overstanding power of the English bitch Adder, they look lathy, fine-loined

There will be bookmaking and betting at

Only the first round of the stake-fourteen courses-will be run to-day, the finals
being held over to Sunday. The draw follows:

News About Mad Mullab. According to the dispatches, Mr. Mullah has suffered another whipping. Mr. Mullah has suffered another whipping. Mr. Mullah—whose first name is Madison, corrupted to Mad-is a gentlemen of great persistence. He doesn't like the English people, and has no scruples about saying so. Every little while he goes over where they

are and dares them to come out in the alley,

Mr. Muliah is a dark man with a hot temper, but he hasn't any science. He's good for a couple of rounds, and then he's no longer in it. And so, when he sees he's getting licked he gets over the fence and runs like a deer. He believes with the poet, whose name has escaped us, that he who gets in a lick or two and then runs away may live to get in another lick or two s'mother day. Yes, and like the cat in the adage, he invariably comes bathand has to be licked all over again.

This might seem wearing on some men, but Mr. Mullah appears to thrive on it. Inside of two weeks after every licking you can see him smeaking along the side of the fence toward J. Buil's summer home in North Africa, with a brick in one hand and a knotted club in the other.

And yet there are worse men than Maglisson multah—lithough we don't seem to recollect their names just at present—Cleveland Plain Dealer.

GOV. BOYD WINS AT TWO HUNDRED TO ONE

Scott Laird's Bay Gelding Defeated Orris, Kitty Clyde and Miss Patron at Delmar.

LITTLE BETTING ON HIM.

But the Price Is So Long That the Few Small Wagers Made Hurt the Bookmakers - Santa Ventura Also Won.

Fearful, a 500-to-1 shot, just did fall to win the first race at Delmar on Thursday. It must be long-shot week at the West End track, for Governor Boyd, a 290-to-1 shot, won the first race there vesterday by half a length from Kitty Cldye, a 3-to-1 shot. Orris, the favorite, and Miss Patron, a well-thought-of third choice, were nowhere in the race.

Governor Boyd was ridden by Michaels, a jockey of very ordinary caliber. He ran a good race, in front all the way, and probably won on his merits. Kitty Clyde had no excuses. She had an excellent ride from Dale. Orris, with Tommy O'Brien up, was badly cut off at the stable turn, when she was doing well. At that, is is doubtful if she could have won. Last time they met Kitte Clyde heat her and Governor Boyd Kitty Clyde beat her, and Governor Boyd

Kitty Clyde beat her, and Governor Boyd beat Kitty Clyde yesterday.

Though the play on Governor Boyd was light, every book in the ring was touched smartly on him. An average of 56 was bet in each of the thirteen books. "Kid" Rogers, who gets soaked on all such long shots, lost \$1,200 to the race, though he only took in about \$10 on Governor Boyd. Scott Laird, who owns the horse, won a tidy sum on him-straight, piace and show. Several sharpshooters bad small betts on him. Still, the betting was so light that the horse's price went up from 20 to 200 to 1.

Governor Boyd is a ragged-looking by geiding, 6 years old, by Little Fellow-Lizsie McC. It was his first start at Delmar, and also the first since the close of the Newport meeting, three months ago.

Three Times a Winner at Long Odds. Three Times a Winner at Long Odds.
Strangely enough, the horse has thrice won at 8t. Louis at long odds, and all three times he has had Kitty Clyde second to him. He belonged to Felix Brownrigg last season, and the stable made quite a killing on him at the Fair Grounds. He was backed from 20 to 1 to 8 to 5, and beat Kitty Clyde. On his next out he was again a long shot, and won again, having Kitty Clyde second to him. Then, after a lapse of a year, he comes out and wins again, and Mr. Sayers's mare is once more behind him.

of a year, he comes out and wins again, and Mr. Sayers's mare is once more behind him.

Governor Boyd was not the only successful long shot of the day. Santa Ventūra, at 20 to 1, won the fourth race, a hot sprint, in 114, with Walnwright, a stable boy, up. She was the rank outsider in a field of five. Fitzkanet was a hot favorite at 6 to 5, while Prima II, Lady Bramble and Our Lady were all held at prices under 6 to 1. Santa Ventura, under a wretched ride, made all the pace, fell out of it in the stretch, but came again all by herself at the finish, and won solely on her own merits. Walnwright was of no assistance to her whatever. The time, 114, was excellent, everything considered. Every horse in the race did his best, but Santa Ventura was so much the best that she could not be beaten. Doctor Holtgreew's filly has been showing speed right along, but few persons had confidence to back his filly with Walnwright on her. The boy did everything to make the filly lose but fall off. Our Lady ran a brilliant race on her first out in a long time. Prima II did not do any too well. Fitzkanet seemed a trifle short at the end, like most of Mr. Rogers's horses, though he ran a nice race to the last eighth.

Outburst Was the Best Horse.
Outburst at 40 to 1, should have won the

Meddlesome won the last race by a rank scratch. Nearest was the best horse, but Dale did not begin to ride her until they entered the final sixteenth. Meddlesome assumed a long lead in the garly part of it. Miss Golightly gave him a chase up the back stretch and tried hard. Dale seemed asleep on Nearest and let them get away. Mcdlesome weared to a walk in the stretch. Miss Golightly was killed-chasing him and was clearly beaten a sixteenth out. Nearest came along then and Dale began to work hard. Nearest answered his ride finely, and came like a hurricane. But Walker just got Meddlesome over in time. Another jump would have beaten him.

The prospect for earnings this year is good, however, as there is plenty of old corn in the country, and, with the wheat crop and general business. there are promises of an excellent business.

THE REPUBLIC FORM CHARTS. WARICOCEL Its Causes, Effects and Cure.

Varicocele is a weakened and broken-down condition of the spermatic veins and sexual circulation, due in the great majority of cases to sexual indiscretions—early abuse and later excesses. It makes no difference what the cause, be it strain, injury or atruse, once the disease is developed, it is of the unionst importance that it be cured without delay, for it will never cure itself, but on the contrary is ever becoming more aggravated, and in time will break down the strongest constitution and fil your whole future with gloom, unhappiness and despair. That Varicocele is one of the most serious and treacherous diseases afflicting mankind has been proven beyond all doubt. If neglected it will undermine the physical strength, derange and depress the mental faculities, rack the nervous system and ultimately produce a complete loss of sexual power. The sufferer realizes that some unseen hand is dragging him down, that there is a constant drain on his vitality, and he knows in his own mind that he is but half the man he was before this disease stole upon him. He broods over his troubles and despondent, and it is little wonder that many men become insane from the severe mental strain or commit suicide to escape an existence which promises nothing but suffering, misery and woe.
